<b>Glossary</b>	xv
<b>Country codes</b>	xvii
<b>Executive Summary</b>	1
Introduction	3
Socio-demographic characteristics	3
Migration	4
Sexual unhappiness	5
HIV testing	5
Self-reported HIV prevalence and incidence	5
HIV care and antiretroviral therapy	6
Post Exposure Prophylaxis (PEP)	6
Testing for Sexually Transmitted Infections (STIs)	6
Sexual behaviour	7
Sex abroad	7
Buying and selling sex	8
Substance use	8
HIV-related stigma, discrimination and internalised homonegativity	8
Abuse due to sexual orientation	9
Knowledge and being reached by targeted prevention	9
Behavioural indicators	10
Limitations	10
<b>1. Introduction</b>	11
1.1 The problem	13
1.2 The solution	13
1.3 Introduction to European sub-regions	14
1.4 Structure of the report	16
1.5 Further data analysis plans	16
1.6 Summary	16
<b>2. Methods</b>	17
2.1 Questionnaire design	19
2.2 Translation and online preparation	21
2.3 Survey promotion	22
2.4 Attrition across the language versions	26
2.5 Total returns and non-qualifiers	26
2.6 Datasets	28
2.7 Summary	30
<b>3. Demographic profiles and use of settings</b>	31
3.1 Introduction	33
3.2 Gender	33
3.3 Age	33
3.4 Settlement size	34
3.5 Education	34

3.6 Employment .....	35
3.7 Sexual orientation .....	36
3.8 Outness .....	38
3.9 Social connections with other gay or bisexual men .....	38
3.10 Current partnership status .....	39
3.11 Living situation .....	40
3.12 Social and sexual venues .....	41
3.13 Limitations .....	44
3.14 Summary and conclusions .....	44
3.15 Country table .....	47
<b>4. Sexual unhappiness .....</b>	<b>49</b>
4.1 Introduction .....	51
4.2 Questions .....	51
4.3 Sexual unhappiness across target groups .....	52
4.4 Sexual unhappiness across European countries .....	53
4.5 Reasons for sexual unhappiness .....	54
4.6 Components of the best sex life .....	54
4.7 Summary and conclusions .....	55
4.8 Policy and programme implications .....	56
4.9 Country table .....	59
<b>5. HIV infection .....</b>	<b>61</b>
5.1 Testing for HIV .....	63
5.2 Frequency of HIV infection .....	68
5.3 HIV care and antiretroviral therapy .....	75
5.4 Post Exposure Prophylaxis (PEP) .....	81
5.5 Country table .....	87
<b>6. STIs other than HIV .....</b>	<b>89</b>
6.1 Access to STI testing .....	91
6.2 Performance of STI testing .....	93
6.3 Frequency of STI diagnoses .....	95
6.4 Hepatitis B vaccination needs and hepatitis C .....	103
6.5 Country table .....	109
<b>7. Sexual experiences, partners, behaviour and contexts .....</b>	<b>111</b>
7.1 Introduction .....	113
7.2 Sexual experiences with men .....	113
7.3 Unprotected anal intercourse in the past 12 months: all partner types .....	113
7.4 Sex with steady male partners in the past 12 months .....	117
7.5 Sex with non-steady male partners in the past 12 months .....	117
7.6 Adjusted UAI rates for steady and non-steady partners combined .....	117
7.7 Sex with women in the past 12 months .....	118
7.8 The last non-steady male partner .....	118
7.9 Access to condoms and sub-optimal condom use practices .....	121
7.10 Sex abroad .....	121
7.11 Buying and selling sex .....	125
7.12 Summary .....	128
7.13 Country table .....	131

<b>8. Migration</b>	133
8.1 Introduction	135
8.2 Languages used for survey completion	135
8.3 Country of birth and region of origin	135
8.4 Expatriates	135
8.5 Individual-level associations with migration background	139
8.6 Conclusions and policy recommendations	141
8.7 Country table	145
<b>9. Substance use</b>	147
9.1 Introduction	149
9.2 Alcohol and tobacco consumption	149
9.3 Viagra and benzodiazepines	151
9.4 Other recreational drugs	153
9.5 Concerns about recreational drug use	155
9.6 Self injection	155
9.7 Conclusions and policy recommendations	155
9.8 Country table	159
<b>10. Stigma, discrimination and homophobia</b>	161
10.1 Introduction	163
10.2 HIV-related stigma	163
10.3 Abuse and anti-gay violence	166
10.4 Internalised homonegativity	168
10.5 Conclusions and policy recommendations	173
10.5 Country table	174
<b>11. Knowledge about HIV, STIs, PEP and coverage by targeted prevention programmes</b>	177
11.1 Knowledge about HIV, STIs and PEP	179
11.2 Coverage by targeted prevention	182
11.3 Country table	186
<b>12. ECDC behavioural indicators: regional comparisons</b>	189
12.1 ECDC indicators in the European MSM Internet Survey	191
12.2 Data presentation: regional analysis	191
12.3 Core indicators common to all populations	193
12.4 MSM specific indicators	198
12.5 Conclusions	206
<b>Annex</b>	209
ECDC indicators	211
